

The Travel Insurance

Epifania Spanish School is pleased to introduce you to our Business Partner AVI International. Between our companies has been developed an insurance scheme for all students who enter school.

In the case of colleges and schools for the next year during the Spring Break or summer 2011 to Costa Rica, we prefer that you buy such insurance through our Language School.

For more information, enter the following electronic address:

<http://www.avi-international.info>

Policy Number: 870.013

This link should only choose the language, enter the policy number and now we have access to all information on travel insurance for students.

Also if you go to our site, may buy directly from insurance they want for each student.
